

CLLNOTECAM C08-206

Travel size Notecam

With this Conceptronic Notecam you are ready to chat, have videoconferences, communicate and share special moments with anyone through the Internet! This high quality 350K pixel webcam (1.3 megapixel software enhanced), especially designed for on-the-go users. The Notecam is compatible with all messenger & chat applications. Thanks to the compact and lightweight design, you can easily take it along with you anywhere, because the webcam is just about the size of a standard USB memory stick! The rotatable joint of the webcam makes it possible to adjust the capture angle easily.

Highlights

- Lightweight, pocket size camera for travel use
- Rotatable cam with direct USB plug-in
